

Creating Media – Vector Drawing

Year 5 Knowledge Organiser

Know how to:

- Identify that drawing tools can be used to produce different outcomes.
- Create a vector drawing by combining shapes, to use tools to achieve a desired effect and to recognise that vector drawings consist of layers.
- Group objects to make them easier to work with.
- Evaluate vector drawings.

Key questions:

What is a vector drawing?

What are layers within vector drawing software?

How and why do I group objects?

Key Vocabulary	
Word	Definition
Vectors	A one-dimensional image.
Layers	A layer that allows you to edit lines that have already been drawn.
Toolbar	A strip of icons that can be clicked to perform certain functions.
Outcome	The information displayed as a result of a particular program.
Icon	A small graphical image representing a program or file.
Format	A pre-set layout for data.
